Chris Koningen FdEng CMILT

Principal Highway Design Engineer & Project Manager

CHARTERED TRANSPORT PROFESSIONAL • CMILT

20+ YEARS INDUSTRY EXPERIENCE

A Principal Engineer and Chartered Transport Professional with two decades of experience in highway design, project management, and delivery across both public and private sectors. I am recognised for innovative, forward-thinking approaches with a strong focus on quality, safety, and compliance. Fully competent user of AutoCAD 2025 (2D) and Microsoft 365, including SharePoint.

CORE SERVICES

Section 278 Design & Approval

Produce both detailed and outline highway designs engineered strictly to local authority specifications. Full lifecycle project management. Liaison with the local authority, acting as a direct technical advocate to minimize costly approvals risks.

Technical Expertise

TSRGD 2016, DMRB, Traffic Signs Manual and Manual for Streets. Expert interpretation and application of UK standards.

PRINCE2 Project Management

Full financial control, scope tracking, and structured contractor coordination from inception to site completion.

Safety Compliance

Full statutory Principal Design duties under CDM 2015. Ensuring health and safety is embedded from the very inception of design.

Workflows & Training

Highway design training for engineers at all stages of their career. System development, process mapping, and AutoCAD standards overhaul.

DIVERSE DESIGN PORTFOLIO

Running Horse Roundabout
UK's First Turbo Roundabout
Conversion
